

d'arbo Dispenser

The easiest dispenser solution
for the breakfast buffet!

The breakfast buffet innovation.

A dosing system that does justice to its delicious contents — whether fruit spread, honey or hazelnut spread.

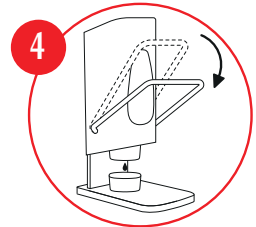

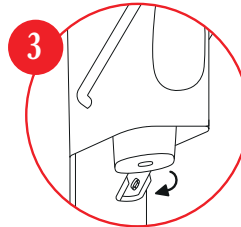

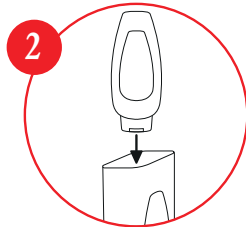

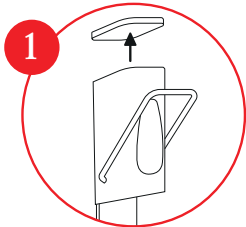

Breakfast is often the only meal that guests eat at your establishment, which means that it's important to create both a professional and competent impression early in the morning. This is exactly what our dispenser system enables you to do. It is not only elegant, but also extremely practical and ensures a hygienic dosing. With these dispensers, you will be set up to ensure guests enjoy a relaxed breakfast in a stylish ambience.

All advantages at a glance:

- Uncomplicated, easy-to-use dispenser
- Clean and hygienic dosing
- Simple replacement of empty dispenser bottles
- No tools needed
- Easily cleaned, no disassembly required
- Dispenser bottles are reclosable
- Attractive appearance through straightforward design
